# OHIO MINES MARK BEST SAFETY RECORD

By The Associated Press  
COLUMBUS, O., Jan. 5.—The Ohio coal mines have marked the best safety record in the history of the industry, according to a report issued today by the Federal Bureau of Investigation.

The report, which covers the period from 1933 to 1943, shows that the number of deaths in Ohio mines has declined steadily over the years. In 1933, there were 1,000 deaths, but by 1943, the number had fallen to 100.

The report also shows that the number of injuries in Ohio mines has declined steadily over the years. In 1933, there were 10,000 injuries, but by 1943, the number had fallen to 1,000.

The report is a tribute to the efforts of the Ohio coal miners and the Federal Bureau of Investigation in improving mine safety.

# COLUMBUS MEAT PRICES REPORTED OVER CEILING

OPA Says Overcharges Total Half Million a Year.  
By The Associated Press  
COLUMBUS, O., Jan. 5.—A spot check of retail meat dealers indicates Columbus meat consumers are being overcharged at the rate of almost a half million dollars a year, Joel Thornton of the office of price administration says.

Speaking in the first of a nationwide series of meat conferences planned by OPA to bring about a better understanding of wartime meat regulations, Thornton told 400 meat dealers here that overcharges from one to 14 cents per pound were noted on 181 of 546 items checked.

The national office representative said that only one store among those visited had made a perfect score, adding that many dealers were failing to post meat grades along with prices and ration point values of the cuts being offered.

He told dealers the OPA was not trying to "reform" anything, but that it was necessary to find a starting point and then "stay with it."

# Jenkins Agrees With Strike Tragedy View

By The Associated Press  
WASHINGTON, Jan. 5.—Rep. Thomas A. Jenkins, Ironton, O., Republican, agrees with an unnamed official who called recent strike threats "a great tragedy and predicted they would cost American lives."

**HEALTH QUIZ**

Do you have poor digestion? ☐ YES ☐ NO

Do you feel headachy after eating? ☐ YES ☐ NO

Do you get sour or upset easily? ☐ YES ☐ NO

Do you feel tired—listless? ☐ YES ☐ NO

Now everyone knows that to get the good out of the food you eat—you must digest it properly. But what most people don't know is that Nature has provided about two pints of the digestive juice—bile—each day to help digest your food. If Nature fails—your food may remain undigested—be sour and heavy in your digestive tract.

Thus, it is simple to see that one way to aid digestion is to increase the flow of liver bile. Now, Carter's Little Liver Pills start to increase this flow quickly for thousands—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills start to increase this flow quickly for thousands—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Office of War Information reported that a year ago today, the German high command was planning to launch a surprise attack on the Soviet Union in the near future.

No Investigation Needed

VERY properly the Truman committee has decided to spend no public money investigating the source of a rumor that someone of considerable importance said strikes and threats of strikes are bad for this country's war effort. This is almost as sensational as announcing that unemployment results in no war.

Farm Problem—2

Farm Men and Machines

By ALEXANDER R. GEORGE  
Associated Press Writer  
WASHINGTON, Jan. 3.—Another year of record high income is in prospect for American farmers, regardless of subsidy developments.

Price Trend Upward

A year of high farm prices is now subject to being a reality. In 1934, the price of farm products is expected to be higher than in 1933. The price of farm products is expected to be higher than in 1933.

FARM PRODUCTS BUYING POWER JUMPS

Prices received by farmers for their products have been rising steadily since the war began. The prices farmers pay for goods and services have not risen as fast as the prices they receive for their products.

## Junior High School Basketball Play To Get Underway Friday

Warren's three-team junior high school basketball league opens court warfare for the 1944 campaign Friday night when Central's cagers travel cross-town to tackle the Vernon Heights outfit.

Starting time for the season inaugural is 8 o'clock. Reserve teams of the two schools, made up mostly of seventh and eighth graders, will open the card at 7 o'clock.

An eight-game season, covering almost two months, has been mapped out for the intermediate cagers by the city junior high school athletic association of which Cecil Gable, Vernon principal, is chairman. Each team will play six games, meeting each of the other two squads three times.

The Thomas A. Edison squad, coached by Ed Cooney, fully recovered from a serious back injury sustained during the past football season, will be the defending champ. Last year, the Edisonites, supercharged by beautiful material and superior height, rolled to the undisputed title. Gone from the championship title are such performers as Don Shirk and Paul "Mouse" Miller, now key members of the Harding High

## Stagg Sees College Football Programs Expanded in 1944

By The Associated Press  
CHICAGO, Jan. 5.—Amos Alonzo Stagg, the "young" man who went west and found a new coaching career at 71, believes that some colleges which abandoned football last year will resume it next fall.

Coach of the year by the National Association of Football Writers, Stagg was back here today receiving plaudits from old friends of his University of Chicago days.

Coach of the Maroons for 41 years before he took over the football situation at Little College of the Pacific 10 years ago, he turned out one of the nation's strongest teams last fall.

At 81 he retains the enthusiasm and vigor of a man half his age.

"We coaches who decided to carry on in 1943 made no mistake," he said. "The educators who discontinued the sport are the ones who made a mistake. However, some of the schools on the West Coast which discontinued athletics last year apparently are ready to resume next fall."

He added that he thought the Army "made a mistake by not allowing its trainees to take part in intercollegiate sports. But maybe they'll make up for it next fall."

## Pro Football Luminaries Protest Layden's Fine

By The Associated Press  
CHICAGO, Jan. 5.—The \$500 fines assessed by Commissioner Elmer Layden of the National Football league against two of the circuit's ranking officials for their alleged altercation at the championship playoff game here Dec. 26 will be protested.

Disapproval of Layden's disciplinary action was expressed by the two principals, George Preston Marshall, owner of the Washington Redskins, and Ralph Brizzolara, Chicago Bears' general manager, shortly after the commissioner's announcement yesterday.

Brizzolara described Layden's ruling "asinine," and denied that he had engaged in an altercation with Marshall.

George Strickler, league public relations director, said Marshall confirmed receipt of Layden's notice and advised him that he would protest the fine.

Kimmel of Rushsylvania, has been designated as the ship's sponsor.

## Ohio Conference To Enlarge Scope Of Some Activities

By The Associated Press  
LOHAIN, O., Jan. 5.—The state Ohio intercollegiate athletic conference—although several of its members have abandoned football and basketball for the winter—looks to an enlargement of its golf, tennis, track and swimming activities during 1944.

George E. Daniel, efficient commissioner of the 20-college league said today the loop had abandoned its usual tournaments in those four sports, but that it was leading the way toward All-Ohio meets to replace the purely conference competitions.

"In a manner of speaking," Daniel declared, "we are laying aside strictly selfish reasons—the holding of tournaments for the conference team only—for the greater benefits of getting all schools, conference and non-conference into these valuable competitions."

"From the present outlook, I venture the prediction that our pioneering will have successful culmination in having tournaments in the four mentioned sports."

The Ohio conference, made up of 19 full-fledged members along with Akron which is on a year's probation after being readmitted Dec. 3, numbers about half the state's colleges among its personnel. Many of the non-member schools have teams in the golf-tennis-track-swimming fields, and it is these teams, Daniel said, which the conference squads hope to draw into the tournaments.

Under the new plan, Ohio State university's teams might compete against the other Ohio colleges. The Bucks have been members of the Ohio conference for almost three decades, but never on a competitive basis.

Turning to the post-war outlook, Commissioner Daniel said: "I look for a real revival of sports in our colleges, both of the intercollegiate and intramural brands, following the war. The revival probably will put sports far ahead of the place athletics enjoyed before the conflict started."

**Snatches of Sports**  
By HUGH FULLERTON JR., Associated Press Sports Writer  
NEW YORK, Jan. 5.—If Sgt. Joe Louis and his traveling soldier-boxers want a real fight instead of exhibitions, Sgt. Allen La Combe is ready to give it to them. Not that Sgt. La Combe will do the fighting—he's the kid who used to promote the "Turkey Bowl" football game in New Orleans and he's issuing this challenge on behalf of his boxing team that recently won the Persian Gulf service command and the Middle East titles. What they really want is for Sgt. Joe, Ray Robinson, Jackie Wilson, etc., to visit them in Iran, but La Combe promises that heavyweight, Ralph Ivins, former Newark "Rock" Campbell of Meridian, Miss.; welterweight Tony "Smokes" Williams of Hollister, Calif., and middleweight Harold Augusta of New Orleans, will give the big boys a real tussle.

**Drawing De Fine Line**—During the recent fuss between Ray Dumont's National Baseball Congress and the National Amateur Baseball Federation about who should govern amateur baseball, some one asked Prexy Dumont the definition of a "semi-pro" club. "You tell the difference between an amateur and a professional," countered Ray, "and I'll give you the definition of 'semi-pro'." Traditionally, an amateur is a guy who won't accept a check—which makes a semi-pro a guy who'll take what he can get but prefers cash because it never bounces.

**One Reason Why Ken McCauley**, the Rangers' goalie, let those 13 shots go by the other night was that he had just received word he'd have to resign as probation officer in Edmonton, Alta., because he hadn't held it long enough to qualify for the leave of absence he thought had been granted. ## Frick Reviews 1944 Outlook

By FORD C. FRICK  
(President of the National Baseball League)  
NEW YORK, Jan. 5.—The review of the 1944 outlook for the National Baseball League is a season in which the outlook is brighter than in the past few years. The outlook is brighter because of the family men in the league. More of the players were out of the league for a duration, perhaps a year, but they have returned, and the stars have joined the team in Uncle Sam's big war effort.

We played our schedule with teams composed of pre-Pearl Harbor fathers and sons, some plus 38's, some plus 40's. We face a season in which the outlook is brighter because of the family men in the league. More of the players were out of the league for a duration, perhaps a year, but they have returned, and the stars have joined the team in Uncle Sam's big war effort.

## College Cagers Swing Into Action

By The Associated Press  
The Ohio college basketball season moved into second gear last night after a holiday season layoff, and court teams played three of the 20 games scheduled for a busy week on the boards.

Akron university's Zippers supplied the fireworks, winning their fifth straight victory in trouncing Case 77 to 43.

The winners led all the way—after running up a score of 44 to 23 at half time.

Bowling Green swamped Oberlin 73 to 42, to score its sixth triumph in seven games. Fine defensive work by Don Otton, 6-foot, 11-inch center, aided the Bees.

At Athens, Ohio university, led by forward Johnny Maldover, broke a 21-21 deadlock at half time to defeat Ohio Wesleyan 40-23.

Maldover dominated the play in the second half, scoring seven field goals to lead his team's scoring with 14 points.

**Double Main-Go**  
For Thursday's weekly Armory wrestling program, Matchmaker Les Fishbaugh has whipped up an all-star card featuring by a double main-go.

Opponents in the first of the two 90-minute features matches are Gil LaCross of Toledo and Whitey Walberg of Minneapolis. This is sure to be one of the top attractions of the New Year in view that both fighters are currently leading the Armory regulars. Neither man has suffered a defeat over a two-month stretch.

The second half will bring together Rufus Jones of New York City, the sepi star, and Buddy Knox. For Rufus it will be his first Armory action in several months.

Matched for the 30-minute preliminary event are Angelo Savoldi and Irish McGee. The opener will get under way at 8:30 p. m.

Tickets may be obtained in advance at Markert & Lewis on East Center street—Adv.

Sharp Split Develops  
in Supreme Court Ranks

**WASHINGTON, Jan. 5.**—A sharp division has developed among three Roosevelt appointees to the supreme court over interpretations of law relating to economic questions.

Brought to light in formally filed opinions, the rift showed Justices Hugo L. Black and Frank Murphy arrayed against positions taken by Justice Felix Frankfurter, long-time adviser to President Roosevelt.

Black and Murphy, asserted that Frankfurter proposed in one case to interpret the patent law on the basis of his "personal views on 'morals' and 'ethics'."

And that in another relating to the making of utility rates, he made "what is patently a wholly gratuitous assertion as to constitutional law."

Marysville Raises \$5,000  
for Lighted Grid Field

**MARYSVILLE, Jan. 5.**—The campaign to raise funds for purchase and grading of a new lighted football field for Marysville High school being conducted by the Marysville Kiwanis club has passed the \$5,000 mark, according to Fred Way, chairman of the finance committee for the project. The goal is \$8,000.

With this success, the club has purchased a five-acre site in the western section of the city. The field will be drained and graded this summer and seeded next fall. It will be ready to turn over to the high school for completion in 1943. The high school already has purchased reflectors for the lights and plans to install them as soon as the field is ready and the war effort permits.
